

RP048 Compact Rigging Pulley -13mm (1/2") Rope

Data Sheet

The Compact Rigging Pulley is a lightweight pulley, which fits in the palm of the hand. At approximately half the size of our small cast pulley, the compact rigging pulley offers a highly impressive strength to weight ratio. The compact rigging pulley is fitted with a spring-lock mechanism for quick, easy opening/closing and a secure lock whilst in use.

Weight	490g (1lb)
Wheel Material	Aluminium
Body Material	Forged Aluminium
Finish	Anodised
MBS	85kN (19000bf)
WLL	17kN (3800lbf)

	Working Line	Topping Strop
Size	13mm (1/2")	16mm (5/8")
MBS	38kN (8500lbf)	74kN (16650lbf)
